Thanks Jim -

Just did not want to miss a contractual delivery. It will be parked in the EEO garage over the weekend. We took readouts after the final on-road degreening regen. There are TRC emission results before and after the field fix. We will supply these for your testing comparison.

Thank you-
Rob

I'm in favor of waiting to Monday. We'll both have more personnel resources and it won't be raining.

Hello Jim / Byron -

We have some people off tomorrow, but can coordinate a drop off. Would you like this vehicle tomorrow or Monday? The de-greening is complete and it will be parked in our EEO garage.

Please advise.

Thank you-
Rob

Byron, Audi want to drop off the second 3.0L diesel tomorrow to meet the 10 day requirement. Dan or Vince sign for the car but is acceptable to push it to Monday instead?

Jim

Hi Jim-

I know you are out tomorrow. The 10 day clock for vehicle delivery, ends tomorrow. Who can we submit this vehicle to tomorrow or do you want us to deliver it on Monday (we'd need your/Byron's? permission).

Thanks -

Rob
